 not separately

The Govt has recommended separately
 that a sum of Rs 250 payable by Govt
 towards the Madras Water Supply may be
 met out of the reserve of Rs 19,250 this
 has therefore to be included in the amount
 to be distributed.

10 As suggested in the above note Rs 250/- being
additional sum required towards Madhugiri Water Supply
scheme may be met by reducing the proposed grant to
Sreerangapatam Municipality from Rs 6,000/- to Rs 5750/-

11 As regards Pavagada Drainage, it is suggested Rs 500/- may be found from the proposed grant of Rs 1,000/- for Channarayapatna drainage and Rs 32/- out of Reserve of Rs 50/-

12 As regards an outlay of Rs 2,600/- on Kolar Town Water Supply, that was debited to deposit contribution in excess and since withdrawn as advised by the Comptroller and debited to 30 Grants for Public Improvements

13 Government have ordered in G O No L 3038-4/M1 177-28-11 dated 25th October 1929 that Hume pipes should be substituted by Bhadravati iron pipes, the difference of cost being met by Government

14 When the pipes were purchased and paid for in May and June 1930, the extra cost of Rs 4,730-12-7 was by mistake debited to Deposit Contribution and State Fund in equal proportions, instead of the whole amount being debited against the State Fund This wrong adjustment was traced out in October 1933 and the extra debit of Rs 2,365-6-3 to Deposit Contribution was withdrawn and debited to State Fund

15 The current year's grant of Rs 3,500/- is quite inadequate to take in the above extra expenditure An additional grant of Rs 2,000/- is necessary for the current year and it is this that is proposed to be met from 30 Grants for Public Improvements, amount kept in reserve
